PREFACE

The demand for a simple and standard handbook of multiple choice questions and answers for First year diploma in Pharmacy has been a longcherished demand of the Pharmacy students . With Much hardship and effort supported by the active contribution of my Team members ,the publication of this book has been materialised in 2025.

The salient features of this book are –

- a) Language and style kept lucid and simple for easy grasp of subject matter.
- b) The wider areas of Pharmaceutics have been condensed with minute precision and included in the book along with previous year question papers.
- c) 32 areas of Pharmaceutical Chemistry have been made part of the book besides the Previous year Question Papers and it is sure that this area would help the readers a good insight into the subject.
- d) Human Anatomy and Physiology, social Pharmacy, and Pharmacognosy areas along with the repeated questions and previous questions and answers would be a great boon to face the upcoming examinations and can pass the Examinations with flying Colours.

Much claim regarding the book is to be proved by the readers who are the real end users and I am sure that this will bring much better result in your up coming Examiantions

My sincere thanks to my team members namely Ms Anakha S Vijayan, Ms. Anjana. B, Dr.Akhila S Arjun, Ms Salu Martin and Ms Hizana Rafeek, for having contributed the matter for this book with much pain and pressure.

My sincere thanks to Mr Manjunath S Hegde, Managing Director,EMMESS Medical Publisher Private limited for bringing out this book in a short period. He has taken a keen interest for the fine get up of this book.

Constructive suggestions for the improvement of this book are welcome and will be greatly acknowledged.
